BSTPortal.com

Buy Sell Trade

The **BSTPortal.com** **PHILOSOPHY** is a business solution that provides information, knowledge and services in order to make and save money and time. The best way to make money is to help others money too.

IMPARTIALITY: **BSTPortal.com** does not interfere or participate in the sales-purchase of spares, parts or services among distributors.

GOAL: The project structure to satisfy global needs by generating benefits and business solutions, instead of commercializing products.

THE QUESTIONS

1. **Do you have insufficient** stocks or do you urgently need a spare part?
2. **Is the delivery time** by the manufacturer or source of supply too long and you cannot wait?
3. **Do you want to sell** your surplus or slow-moving inventories?
4. **Do you want to sell** and buy in other markets locally or abroad?
5. **Are you looking for commercial alliances** to expand commercial coverage and growth?
6. **Do you want to export** or import?
7. **Are you interested** in having access to opportunity sales with companies like yours?

Answer: **BSTPortal.com**

THE **BSTPORTAL.COM** BUSINESS SOLUTION OFFERS YOU:

- ▲ A simplified and user-friendly computer system applied to the internet.
- ▲ A Web Service Portal, the International Link, for the exclusive use of wholesale distributors and factory representatives, to carry out online commercial transactions through the centralized and automated contact software tools with similar organizations in the global marketplace.
- ▲ The interactive host and data management infrastructure used to carry out communications, sales and purchase operations with the affiliate network
- ▲ A means of inter-company contact through specially designed programs so that international companies can develop new commercial alternatives in the world market
- ▲ The software to eliminate boundaries and distances between territories: the websites by which inventories, offers, special promotions, and auctions from wholesale companies linked up to the system, can be consulted, and the results displayed by means of a dynamic, concise, computerized, and user-friendly software available to all affiliates: in short, a means of globalization
- ▲ A business solution that promotes sales among affiliates independently from them having to be present, a process completed through computerized software.
- ▲ THE MASTER KEY to associate the international market of specialized wholesalers with each other, 24 hours and day, 7 days a week and 365 days a year.

15 PRIORITY BENEFITS:

- ▲ Membership – **FREE 90-DAY** trial period.
- ▲ **FREE** subscription and publication of ads in the Electronic Newsletter **for three (3) months**.
- ▲ Get a **FREE predesigned and hosted Website**. Promotion valid for annual membership.
- ▲ Promote your products among wholesale distributors and have 24 hour-exposure.
- ▲ Contact dealers in various locations in the regional and international field.
- ▲ Publicize and close sales-purchase agreements with companies in the same field.
- ▲ Establish commercial alliances with companies in different markets, inside and outside the affiliate's corporate business address.
- ▲ Purchase and sell at special offer or liquidation prices from similar supplier sources.
- ▲ Have access to a global centralised online inventory.
- ▲ Locate scarce and out-of-stock spares and parts.
- ▲ International publicity in German, Spanish, French, English, Italian and Portuguese.
- ▲ **CROSS REFERENCE ALERT** tool notifications; System that promotes immediate commerce between whoever seeks and owns the inventory.
- ▲ Unlimited inventory item registration in the **BSTPortal.com** database.
- ▲ Receive **FREE** subscription for up to 2 months through the "References" and "Associates" programs.
- ▲ Pass a 5% bonus value equal to the annual subscription, to a friend through "Associates" and "Send to a friend" program.

THE BENEFITS ARE OBTAINED THROUGH:

Software:

- ▲ Online access to: General inventories, special offers and promotions and auctions.
- ▲ Automated notification to the global network of affiliates on new inventory entries, offers, special promotions, auctions and the list of newly-joined companies.
- ▲ Send automated circulars to the global network of affiliates on the request for products, specific instructions, tentative orders, etc.
- ▲ Modules to local inventories and companies. The answer to buyers of specific inventories.
- ▲ Location of wholesale distributors by country, activity and region.
- ▲ Online records of history entered and requested on demand, by date, part number and company.
- ▲ Crossed referenced reports on the supply and demand reported by part number and company.
- ▲ Consecutive reports on auctions and purchase offers by date, part number and company.
- ▲ Links with major manufacturers and the possibility to download from their website product catalogues.
